BACKGROUND

The global timber and engineered wood industry is undergoing a transformative phase, driven by the demand for sustainable construction materials, cost-effective building solutions, and innovative manufacturing technologies. Bangladesh, with its growing real estate, furniture, and infrastructure sectors, is poised to emerge as a key player in the regional timber and wood-tech market.

The global timber industry was valued at over USD 600 billion in 2023, with the engineered wood segment alone projected to reach USD 478 billion by 2032, growing at a CAGR of 7.2%. This growth is driven by rising demand for sustainable construction, prefabricated housing, and green building practices. Countries in Europe, North America, and Southeast Asia are leading investments in mass timber, CLT, and AI-driven wood production technologies.

Bangladesh imports over USD 600 million worth of timber and wood-based products annually, with key uses in construction, interior design, furniture, and packaging. The domestic furniture market is valued at over USD 2.2 billion and growing at 12% per year, while exports from this sector reached USD 110 million in FY2023. The shift toward eco-friendly, engineered, and modular wood solutions is being supported by the government's push for sustainable urban development and smart housing.

OBJECTIVE OF TIMBERTECH BANGLADESH 2026

TimberTech Bangladesh 2026 aims to:

- 🏗️ Showcase the latest technologies in industrial timber, engineered wood, and production systems.
- 🤝 Facilitate global B2B networking among suppliers, developers, and industry professionals.
- 🌱 Promote sustainable and eco-friendly building practices across South Asia.
- 📍 Position Bangladesh as a regional hub for timber innovation and wood solutions
- 💡 Create a platform for knowledge exchange, live demos, and technical insights.
- 🤝 Support export growth through partnerships and technology transfer.
- 🏭 Empower local manufacturers and SMEs with exposure and global trends.
- 🏗️ Drive investment in wood-based construction and prefab infrastructure.

ACTION PLAN

Event Name	TimberTech Bangladesh 2026
Concurrent Event	Buildex 2026, BPLX 2026, Waterex 2026
Detail	Dhaka, Bangladesh
Dates	16 - 18 April, 2026
Location	Dhaka, Bangladesh
Venue	International Convention City Bashundhara (ICCB)
Opening Hours	10:00 AM – 7:00 PM
Frequency	Annual
Open to	Trade / Business & Public Visitors
Organizer	Savor International Limited
Cooperated BY	Postmaster Communication
Expected Number of Booths	400+
Expected Trade Value	USD 15 Million (Approx)
Official Website	www.savor-timbertext.com

EXHIBITORS' PROFILE

Industrial Timber Solutions

- Hardwood & Softwood Suppliers
- Sawn Timber, Beams, Plywood & Veneers
- CLT (Cross Laminated Timber) & Glulam
- Treated & Fire-Resistant Timber
- Timber Frames, Panels, Posts & Boards

Engineered Wood

- Laminated Veneer Lumber (LVL)
- Oriented Strand Board (OSB)
- MDF, Particle Board & HDF Manufacturers
- Hybrid & Composite Wood Material Producers
- Eco-certified Engineered Timber Solutions

Production Tech

- Wood Processing Machinery
- CNC & Automated Cutting Systems
- Kiln Drying, Planing & Sanding Technologies
- Adhesives, Coatings & Finishes
- Robotics, ERP & AI for Wood Manufacturing
- Timber Construction Prefab Systems

Focus Industries

- Building & Construction
- Furniture & Interior Design
- Urban Development & Infrastructure
- Modular & Prefabricated Housing
- Packaging & Pallet Industry
- Industrial Manufacturing & Wood Products
- Hospitality & Leisure Architecture
- Green Building & Sustainable Materials

VISITORS' PROFILE

- Architects, Interior Designers & Consultants
- Construction & Real Estate Developers
- Furniture & Wood Product Manufacturers
- Timber Importers, Exporters & Wholesalers
- Urban Planners & Engineers
- Government Procurement Agencies
- Hospitality Industry Professionals
- Retailers & DIY Store Buyers
- Woodworking Machine Traders & Technicians
- Project Managers and Infrastructure Developers

GLIMPSE OF 2025

SIGNIFICANT INDUSTRY PARTICIPATION
